

Name: _____

Date: _____

Grocery Store Work Sheet

Directions

1.) Fill in the boxes with 3 different animals that you would find in each location (Top, middle, bottom shelf, and underground). Animals may be found in more than one location.

Top Shelf	1.	2.	3.
Middle Shelf	1.	2.	3.
Bottom Shelf	1.	2.	3.
Underground	1.	2.	3.

Now brainstorm with your group why animals are found on those shelves and where they might shop for food with your group and be prepared to explain to the class and your teacher the conclusions that defend your groups answers?
