Dear ALT Friends,

This is a time of great celebration and we are thrilled that you are here to share it with us! Since our last meeting, we have closed on Spruce Acres Farm and raised over half of the funds needed for Little Creek Preserve. Never before has ALT received so many individual gifts in one year for land conservation. Your support has been tremendous and we are very grateful for it.

In the past year, ALT has again engaged thousands of people at events, in the classrooms, on the trails and as volunteers. Our efforts to provide recreational opportunities, educational instruction and significant community improvements span the Island, from Gooseneck Cove on the southern tip of Newport to Town Pond in northern Portsmouth. None of it would happen without your loyal support, and we thank you very sincerely.

The Board announces that Taylor Rock will be stepping down as Board Chair and that Nancy Jamison, current Vice-Chair, will assume the Chair role. Treasurer Drew Colman has stepped down as Treasurer and Board member Zia Eftekhari has assumed the role. The Board and Staff thank Taylor and Drew for their experience, commitment and enthusiasm and are pleased that Taylor will remain on the Board and Executive Committee, *ex officio*. We welcome three new Board members: Zia Eftekhari, Nancy Parker Wilson and Dwight Sipprelle, who replace outgoing Board members Andrew Colman, Carolann Doherty Brown, Michelle Eckhart, Arthur Murphy and Richard Wicks. Many thanks to each of them for their expertise and dedication to ALT.

Our very best wishes to you and yours in 2018. It is due to your unwavering support that ALT continues to conserve the rapidly dwindling open space on our island, a mission born 28 years ago and still going strong. Our shared legacy will be known and appreciated forever in the land that we have conserved.

See you on the trail,

Charles B. Allott, Esq.

## Landowner Partners

Founded in 1990, the Land Trust's first conservation easement was placed on the historic Slocum estate on Bellevue Avenue. Since that time, the Land Trust has conserved over 2,575 acres with many landowners. We gratefully thank these very special individuals, families, businesses, neighborhood associations, municipalities, and other government agencies who have partnered with us to preserve and steward their land in perpetuity. Their vision for the future, and appreciation of the past, leave a priceless legacy for all to enjoy.

# Anniversary Gift Makes Its Mark

*We hope to leave a lasting legacy in ways that would reflect what has brought pleasure and meaning to our lives.*

Each of the 460 donations to conserve Spruce Acres Farm were accepted with great appreciation by ALT staff. One of our favorite contributions was made by **Donna and Bill Richards**, who celebrated their 50th anniversary by giving \$10,000 to conserve the 23-acre property last spring. ALT asked the Richards what prompted their generous contribution and about their own history on Aquidneck Island. Below are excerpts from our conversation, showing the thoughtfulness and commitment behind their inspired gift.

*In this year leading to our 50th wedding anniversary, we wanted to do something that would express our gratitude for the 50 wonderful years we've had together. We hope to leave a lasting legacy in ways that would reflect what has brought pleasure and meaning to our lives. One of those ways has been conservation of irreplaceable undeveloped land... we wanted to help ALT seize this important opportunity.*

*We have taken increasing notice of development that used to be open space, but also areas that are retaining the character of our island – thanks to ALT and others. We have intensified our interest in keeping our island beautiful and environmentally healthy. We particularly enjoy seeing watershed areas protected... (and) spaces that allow the expansion and beauty of walking trails.*

*In our mid-20's, we took our first trip to England and came to appreciate the work of the National Trust to preserve beautiful and environmentally sensitive areas. We began supporting the Trust and made nearly annual trips to the United Kingdom to enjoy their lovely preserved open spaces and historic houses. When we found ALT doing equally valuable work on this island, which we also love, we were happy to support it in its important goals. ALT seems very well managed and skilled at achieving support from a variety of sources, including foundations and government. It is wonderful to have ALT working to enhance our island's future.*

**We are grateful to Bill and Donna, and to all of our donors, whose commitment to land and water protection is manifested in their generosity – and in the open vistas, farmland and protected watersheds conserved on Aquidneck Island, forever.**

# Conserve Aquidneck Now

## A Great Collaboration: Spruce Acres Farm

“This was the Island’s project,” said ALT Executive Director Chuck Allott, referring to the outpouring of support to conserve Spruce Acres Farm. “Local residents, seasonal visitors, foundations large and small, the State of RI, and the towns of Portsmouth and Middletown all contributed to this year-long effort. It is fitting that this beautiful property will soon be open to the public, since it would not have happened without their support.”

The 23-acre property, located on the Middletown/Portsmouth border, has important conservation values due to its location within a watershed area. It abuts other conserved lands, making it a valuable wildlife habitat area, and features nature trails and prime soil farmland. ALT thanks the 460 donors who contributed to this campaign, including: The Gewirz Family, The Loebs Family Foundation, the Rhode Island Agricultural Lands Preservation Commission, the Towns of Middletown and Portsmouth, the van Beuren Charitable Foundation, and the hundreds of individual donors who made this effort a success.

## Little Creek Preserve: A Golden Opportunity

The headwaters of Little Creek originate on a pristine 15.6-acre property on Bramans Lane in Portsmouth, surrounded by wetlands, a pond and a natural spring. Blue herons, great white egrets, muskrats, painted turtles, barn owls, wood ducks and songbirds have been observed on-site. ALT plans to extend the Sakonnet Greenway Trail onto the dry uplands of Little Creek and create a passive recreational park for picnicking, bird-watching and relaxing. “It is thrilling to consider the impact of conserving Little Creek,” said Alex Chuman, ALT Stewardship Director. “To protect these important water assets and the rich biodiversity on this land, and to make it available for all to enjoy, will be a real gift to Islanders now and always.”

At the time of this writing, more than \$200,000 has been raised to conserve Little Creek. \$368,000 in total must be raised by May 1 to purchase the property, with another \$51,000 needed for contingencies and improvements. Donations are gratefully accepted; please see our website ([www.ailt.org](http://www.ailt.org)) or contact Laura Freedman Pedrick at [lpedrick@ailt.org](mailto:lpedrick@ailt.org) or 401.849.2799, ext. 18. Thank you!

# Philanthropic Support

The Board of Trustees is deeply grateful to the hundreds of individuals, families, businesses, organizations, foundations, government entities and landowners who generously support our work each year. Membership dues, targeted appeals and campaigns, special events, planned gifts and bequests, in-kind goods and services, and donations of land and conservation easements all enable those who treasure Aquidneck Island to participate in the work of ALT. Our heartfelt thanks to all those who contributed to the Aquidneck Land Trust during this fiscal year, which concluded on September 30, 2017.

PHOTOGRAPHY BY JESSICA POHL

A chef is seen from the side, wearing a white shirt, tending to a large grill. The grill is filled with food, and a large fire is burning underneath, with bright orange flames and a shower of sparks rising from the top. The scene is set in a kitchen or restaurant environment.
